Overview

Fatmah Al Ali Advocates & Legal Consultancy has served the United Arab Emirate's business and government sectors for over a decade.

Prominent figures on matters of law from establishing new ventures to the merger & acquisition of established corporations and we have resolved hundreds of disputes ranging from divorce to property ownership issues to breaches of contract and so on.

Fatmah Al Ali Advocates & Legal Consultancy has experience in virtually every sector: government, banking & finance, real estate, manufacturing, aviation & logistics, telecommunications & utilities, consumer goods and others.

Our lawyers have practiced their profession throughout the Middle East and North Africa; and our knowledge of the laws that apply to the United Arab Emirates has made us the preferred counsel of businesses and government leaders throughout the nation evolving legal system.

We have a strong success rate because our lawyers, litigators and researchers apply a judicious study of the law and a careful review of the fact before taking any action.

Earning our client's trust has been, and continues to be, our primary goal. Although no one can guarantee the outcome of a judge's ruling or an arbiter's verdict, clients need to feel that every possible avenue has been covered from the drafting of a contract to the conclusion of an agreement. Everything we do at our practice is designed to help build that confidence; and the results speak for themselves. "We welcome anyone to check our track record and verify our skills, or simply visit our offices for some Arab hospitality."

Commercial Law

Corporate & commercial law deals with the formation and operations of corporations. Our lawyers will advise on the proper legal entity according to your business needs, amendments on the company statutes and the related commercial laws for conducting business.

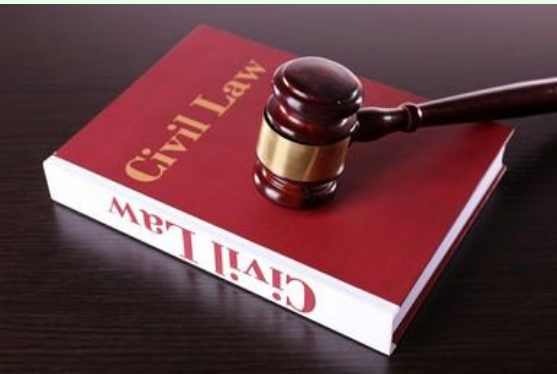

Intellectual Property

Intellectual property law deals with the rules for securing and enforcing legal rights to inventions, designs, and artistic works...etc. Just as the law protects ownership of personal property and real estate.

Contract Law

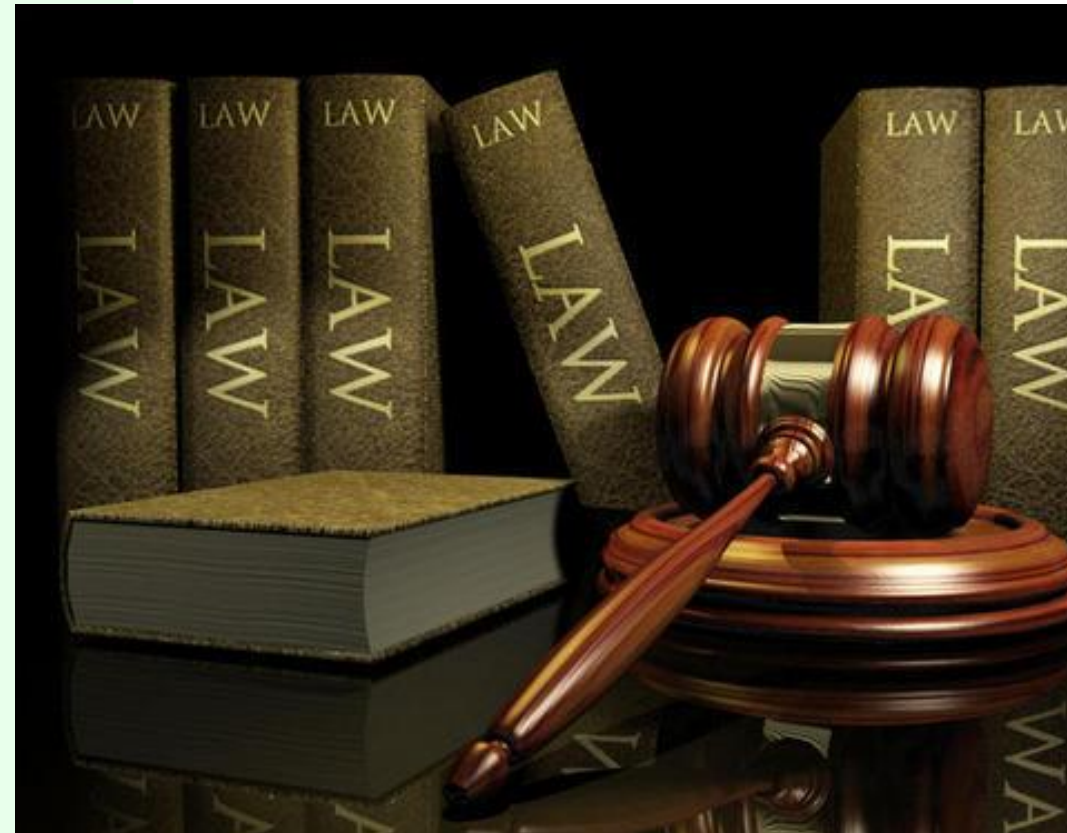

We will give your assistance in drafting agreement to your business-like joint ventures, licensing arrangements and the countless other agreements entered into by corporations.

Civil Law

Civil law is the part of a country's set of laws which is concerned with the private affairs of citizens, for example, marriage and property ownership, rather than with crime. It deals with behavior that constitutes an injury to an individual or other private party, such as a corporation.

Areas of Expertise

Bankruptcy Law

Bankruptcy allows business that cannot meet their financial obligations to be excused from repaying some or all their debt. There are two types of bankruptcy. In a liquidation bankruptcy, debtors must surrender their property, which is sold, and the proceeds will be distributed to creditors. In return, all debts are permanently discharged. In a reorganization bankruptcy, debtors can keep their property. But the debtors must agree to an installment plan to repay creditors a portion of the amount they owe.

Banking Law

Banking law covers many regulations governing financial institutions. Our Attorneys will handle everything from disputes and complaints against a bank, to complex litigation between domestic and foreign institutions, their investors, the government, and other parties.

Tax Law

Tax Law covers the rules, policies and laws that oversee the tax process, which involves charges on estates, transactions, property, income, licenses and more by government. Taxation also includes duties on imports from foreign countries and all compulsory levies imposed by the government upon individuals for benefit of the state.

Our Tax Attorneys serve many important functions in the complicated arena of tax law. They may represent you throughout the various stage of tax disputes, from an initial audit to administrative appeals, Tax Court, and final review by the Court of Appeals in UAE.

Criminal Law

Criminal Law involves a system of legal rules designed to keep the public safe and deter wrongful conduct. Those who violate the law face incarceration, fines, and other penalties. The UAE criminal justice system is both complex, and adversarial in nature, our lawyers will assist you in each stage of a criminal prosecution which could be tricky for those who are not familiar with the court system.

Labour Law

Corporations are built by experienced workers and employees. However, handling the relationship between labor and companies requires professional advice since conflicts with labor commonly cost companies a lot.

Family Law

Our experienced team of attorneys are ready to guide you through the process of international divorce, marriage to foreigners, child custody issues and the drawing up of a will. Family law is considered one of the more sensitive areas of law, and clients need an attorney who will provide them with a tailored family law strategic plan that meets their goals and desires.

Litigation & Arbitration

Litigation law refers to the rules and practices involved in resolving disputes in the court system. In disputes, an experienced litigator can give one party the upper hand. We are composed of qualified attorneys whose mission is to deal with arbitration procedure and proceedings inside and outside of UAE.

Mergers & Acquisitions

Mergers and Acquisitions deals with the laws affecting the purchase of one company by another (an acquisition), or the blending of two companies into a new entity (a merger).

Alternative Dispute Resolution

It refers to any method of resolving disputes without litigation. ADR regroups all processes and techniques of conflict resolution that occur outside of any governmental authority. The most famous ADR methods are the following: mediation, arbitration, conciliation, negotiation, and transaction.

Administrative Law

Government Authorities have their own and specific rules and regulations, for individuals or companies who wish to benefit or enter business with governmental authorities shall follow these rules and regulations, moreover, appealing any administrative authority decree requires also to exhaust all of the options provided by the administrative authority first.

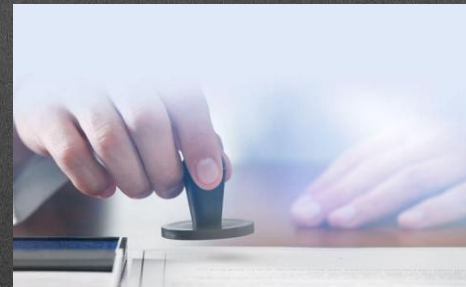

Oil & Gas Law

Oil & Gas Law is the branch of law that pertains to the acquisition and ownership rights in oil & gas both under the soil before discovery and after its capture, and adjudication regarding those rights. We will assist you in the application and negotiations process before the competent authorities to ensure a smooth deal.

Real Estate Law

Real Estates law deals with the right and interest in real estate and real property; sales, purchases and other transfer of real estate and real property; legal aspects of rental property and landlord issues; tenants, renters, and homeowners rights; title to real property; settlement of claims against property rights; property development, zoning, and land use; related agriculture issues; home loads and foreclosures; and various other relevant topics.

Company Incorporation

We provide legal consultation and legal advice in Dubai and other emirates of UAE and we assure that the client have smooth transaction from day 1 of incorporation until finalization.
